Toxicology 157 (2001) 227–229

TOXICOLOGY

Subject index of volume 157

Benzo(a)pyrene: Cumene hydroperoxide; Glutathione S-transferase; Polymorphism; Lymphocyte **157**, 195

bibliographic: Databases; Databases; factual; Online systems; Toxicology databases **157**, 89

Cadmium: Guanosine 3′,5′-cyclic monophosphate; PC12 cells; Phosphodiesterase; Zinc **157**, 167

Chemical information systems: US government agencies — information resources; Toxicological information systems; Risk assessment information **157**, 25

Chemical safety: IOMC; Information exchange; Databases; International organisations **157**, 111

Chemicals: United States Environmental Protection Agency; Toxicology; Information resources; Internet **157**, 11

Computerized toxicology information: TOXNET; Web-based toxicology resources; NLM; TOXLINE; HSDB; Toxicology databases **157**, 3

County information: Environmental health information; State information; Municipal information; Environmental information; Information resources; Internet; World Wide Web **157**, 51

Cumene hydroperoxide: Benzo(a)pyrene; Glutathione S-transferase; Polymorphism; Lymphocyte **157**, 195

Cyclosporin combination toxicity: Mycophenolic acid; Mycophenolate mofetil; Mycophenolic acid sodium salt; ERL080; Rat toxicity; Immunosuppressant **157**, 207

Databases: bibliographic; Databases; factual; Online systems; Toxicology databases **157**, 89

Databases: Databases; bibliographic; factual; Online systems; Toxicology databases **157**, 89

Databases: IOMC; Chemical safety; Information exchange; International organisations **157**, 111

Databases: Toxicology; Information resources; Internet; Online systems **157**, 121

Education: Toxicology; Environmental health sciences; Tutorials; Multimedia; Internet **157**, 141

Electronic: World-wide-web; Societies **157**, 67

Environmental health information: State information; County information; Municipal information; Environmental information; Information resources; Internet; World Wide Web **157**, 51

Environmental health sciences: Toxicology; Education; Tutorials; Multimedia; Internet **157**, 141

Environmental information: Environmental health information; State information; County information; Municipal information; Information resources; Internet; World Wide Web **157**, 51

Environmental news: Toxicology news; Press releases; News Web sites; News search strategies **157**, 153

ERL080: Mycophenolic acid; Mycophenolate mofetil; Mycophenolic acid sodium salt; Rat toxicity; Cyclosporin combination toxicity; Immunosuppressant **157**, 207

factual: Databases; bibliographic; Databases; Online systems; Toxicology databases **157**, 89

Fat tissue perfusion: Toluene; Population variability; Toxicokinetics; Physiologically based modeling; Markov chain Monte Carlo simulation **157**, 177

Glutathione S-transferase: Benzo(a)pyrene; Cumene hydroperoxide; Polymorphism; Lymphocyte **157**, 195

Guanosine 3′,5′-cyclic monophosphate: Cadmium; PC12 cells; Phosphodiesterase; Zinc **157**, 167

HSDB: TOXNET; Computerized toxicology information; Web-based toxicology resources; NLM; TOXLINE; Toxicology databases **157**, 3

Immunosuppressant: Mycophenolic acid; Mycophenolate mofetil; Mycophenolic acid sodium salt; ERL080; Rat toxicity; Cyclosporin combination toxicity **157**, 207

PII: S0300-483X(00)00463-7

Information exchange; IOMC; Chemical safety; Databases; International organisations **157**, 111

Information resources; Environmental health information; State information; County information; Municipal information; Environmental information; Internet; World Wide Web **157**, 51

Information resources; Toxicology; Internet; Databases; Online systems **157**, 121

Information resources; United States Environmental Protection Agency; Toxicology; Internet; Chemicals **157**, 11

International organisations; IOMC; Chemical safety; Information exchange; Databases **157**, 111

Internet; Environmental health information; State information; County information; Municipal information; Environmental information; Information resources; World Wide Web **157**, 51

Internet; Toxicology; Environmental health sciences; Education; Tutorials; Multimedia **157**, 141

Internet; Toxicology; Information resources; Databases; Online systems **157**, 121

Internet; United States Environmental Protection Agency; Toxicology; Information resources; Chemicals **157**, 11

IOMC; Chemical safety; Information exchange; Databases; International organisations **157**, 111

Lymphocyte; Benzo(a)pyrene; Cumene hydroperoxide; Glutathione S-transferase; Polymorphism **157**, 195

Markov chain Monte Carlo simulation; Toluene; Population variability; Fat tissue perfusion; Toxicokinetics; Physiologically based modeling **157**, 177

Mouse; Spleen; Thymus; Sections; Surface antigens; Rat **157**, 217

Multimedia; Toxicology; Environmental health sciences; Education; Tutorials; Internet **157**, 141

Municipal information; Environmental health information; State information; County information; Environmental information; Information resources; Internet; World Wide Web **157**, 51

Mycophenolate mofetil; Mycophenolic acid; Mycophenolic acid sodium salt; ERL080; Rat toxicity; Cyclosporin combination toxicity; Immunosuppressant **157**, 207

Mycophenolic acid; Mycophenolate mofetil; Mycophenolic acid sodium salt; ERL080; Rat toxicity; Cyclosporin combination toxicity; Immunosuppressant **157**, 207

Mycophenolic acid sodium salt; Mycophenolic acid; Mycophenolate mofetil; ERL080; Rat toxicity; Cyclosporin combination toxicity; Immunosuppressant **157**, 207

News search strategies; Toxicology news; Environmental news; Press releases; News Web sites **157**, 153

News Web sites; Toxicology news; Environmental news; Press releases; News search strategies **157**, 153

NLM; TOXNET; Computerized toxicology information; Web-based toxicology resources; TOXLINE; HSDB; Toxicology databases **157**, 3

Online systems; Databases; bibliographic; Databases; factual; Toxicology databases **157**, 89

Online systems; Toxicology; Information resources; Internet; Databases **157**, 121

PC12 cells; Cadmium; Guanosine 3′,5′-cyclic monophosphate; Phosphodiesterase; Zinc **157**, 167

Phosphodiesterase; Cadmium; Guanosine 3′,5′-cyclic monophosphate; PC12 cells; Zinc **157**, 167

Physiologically based modeling; Toluene; Population variability; Fat tissue perfusion; Toxicokinetics; Markov chain Monte Carlo simulation **157**, 177

Polymorphism; Benzo(a)pyrene; Cumene hydroperoxide; Glutathione S-transferase; Lymphocyte **157**, 195

Population variability; Toluene; Fat tissue perfusion; Toxicokinetics; Physiologically based modeling; Markov chain Monte Carlo simulation **157**, 177

Press releases; Toxicology news; Environmental news; News Web sites; News search strategies **157**, 153

Rat; Spleen; Thymus; Sections; Surface antigens; Mouse **157**, 217

Rat toxicity; Mycophenolic acid; Mycophenolate mofetil; Mycophenolic acid sodium salt; ERL080; Cyclosporin combination toxicity; Immunosuppressant **157**, 207

Risk assessment information; US government agencies — information resources; Toxicological information systems; Chemical information systems **157**, 25

Sections; Spleen; Thymus; Surface antigens; Mouse; Rat **157**, 217

Societies; World-wide-web; Electronic **157**, 67

Spleen; Thymus; Sections; Surface antigens; Mouse; Rat **157**, 127

State information; Environmental health information; County information; Municipal information; Environmental information; Information resources; Internet; World Wide Web **157**, 51

Surface antigens; Spleen; Thymus; Sections; Mouse; Rat **157**, 217

Thymus; Spleen; Sections; Surface antigens; Mouse; Rat **157**, 217

Toluene; Population variability; Fat tissue perfusion; Toxicokinetics; Physiologically based modeling; Markov chain Monte Carlo simulation **157**, 177

Toxicokinetics; Toluene; Population variability; Fat tissue perfusion; Physiologically based modeling; Markov chain Monte Carlo simulation **157**, 177
